

Industrial Maintenance & OEM Products

Gaskets & Industrial Rubber

Die-cut Parts & Gaskets - Rubber & Sponge, All Types of Gasket Sheet, Cord & Tubing - Klinger® Asbestos & Non-Asbestos Sheeting - Cork Rubber - Flexible Graphite - Jointex® - TopChem® - Metal & Spiral Wound Gaskets - Roll Covering - Anti-Vibration Mounts - Compression, Transfer & Injection Moulding & Custom Extrusions - Grommets, Bushings, Bumpers & Rubber Bands - Gauge Glasses

Compression Packing

Non-Asbestos - Asbestos - Carbon - Graphite - Kevlar® - PTFE - Flax - Pulp Refiner Packing - Slurry Packing - GFO® - Mixer & Agitator Packing - Moulded Packing Rings - Valve Packings - Packing Hooks & Accessories

Mechanical Seals

Single & Double Cartridge Seals - Split Seals - Unbalanced Seals - External & Internal Shaft Mounted Seals - State of the Art Seal Repair Facility (all makes and models) - Bearing Isolators & Protection

Heat Resistant Products

Custom Fabrication - Cloths - Tapes - Ropes - Sleeveings - Boards - Papers - Mats - Ceramic Wools - Crucible Lid Seals - Fire Blankets & Curtains - Tadpole Tapes - Tritex® Biosoluble Materials - High Temp Seals - Wiper Blocks - Fiberglass - Ceramic Fibres - Silica - Mica

Engineered Plastics

UHMW-PE, Nylon or PTFE Sheets, Rods & Tubes - Phenolic Laminates - Friction Materials - Pultruded FRP for Electrical, Structural & Corrosion Resistance Applications - High & Low Density Polyethylene - Suction Roll Sealing Strips - UHMW Drainage Elements for Pulp & Paper Industry - Polymer Bearing Materials for Power Generation & Transportation Industries - Frac Balls

High Performance Lubricants

High Temperature Grease - Royal Purple® Lubricants - Water Resistant Grease - Food Grade Machinery Grease & Oil - Brick Grease - Rail Curve Grease - Penetration Oil - Wire Rope Dressing - High Performance Industrial Synthetic Oil & Greases - High Performance & Biodegradable Diamond Drill Rod Greases - Saf-T-Lok® Threadlockers & Sealants - Saf-T-Eze® Anti-Seize Lubricants - Dixon® Graphite Lubricants

WATER TREATMENT

Robco strives to develop safe, high performance solutions that improve the profitability of our customers while enabling the nurture and growth of a world class team of employees.

Starting as a supplier to the burgeoning Canadian railroad industry before World War One, Robco has become a preferred partner to some of the largest corporations in the world of mining, OEM, petrochemical, pulp & paper, refining and smelting. Why is Robco still thriving after being in business for almost a century? A commitment to focusing on *Engineered Solutions* has fostered an alignment between our customers' satisfaction and our success. Our Total Cost of Ownership approach to problem-solving often results in our customers saving substantially more than their total maintenance budgets for the products that we supply.

Complemented by substantial manufacturing capacity at 5 locations in North America, our large Technical Sales Staff and Customer Service teams focus on exceeding customers' expectations at all times, including the most critical and costly situations involving unplanned downtime.

Let Robco be your first choice for fluid sealing, wear control and extreme temperature solutions.
